

Carolina International School

Corporate Partnership Program

Dear Friends of CIS,

Would you like to be a part of a school that is making a difference in the lives of students through international and environmental studies? Carolina International School (CIS) is pleased to announce our Corporate Partnership program. The Corporate Partnership program allows an organization to financially support Carolina International School. In order to maintain the excellent programs we have and to make sure our school continues to thrive and grow. Any company or business, no matter how small or how large, can be a corporate partner. This program brings in some much needed support for our school.

We offer different levels of partnership based on an amount that is suitable for your company. Details are provided below, or please feel free to contact me at 704.455.3847, ext. 5558 or davidkukielski@ciscomets.com for more information.

Sincerely,

David Kukielski, Head of School

About our School

Carolina International School (CIS) was established in the fall of 2004 in Harrisburg, NC as Cabarrus County's first Charter School. At that time the school hosted Kindergarten through Seventh Grade. The charter was renewed for 10 years in fall of 2014. In 2014 CIS moved into our current campus located 2.5 miles West of Interstate 85 on 82 acres at the corner of Poplar Tent and Cox Mill Rd. The grade levels that are offered are now K-12.

Mission & Vision

The mission of Carolina International School is to nurture students' natural curiosity and joy of learning while they achieve academic excellence through a challenging, interdisciplinary, international curriculum. Our students, parents, teachers, and staff help to create a stimulating learning community that develops:

- Critical and compassionate thinkers
- Confident and open-minded communicators
- Resourceful and responsible citizens and leaders of our local and global communities.

Four Core Values

We strive to develop caring and compassionate students and citizens who embody those character traits most respected in every culture. Hence character development at CIS is immersed in every interaction and

learning experience as a continual school-wide process. The program includes a service-learning component and actively involves parents and community leaders.

The values that form the core of daily relationships and interactions in our school are:

RESPECT

- We will respect others and their property at all times.
- We will listen to each other, knowing that we have individual differences that make us unique and valuable.

RESPONSIBILITY

- We will accept responsibility for our words and actions.
- We will treat others as we would like to be treated.

SOLUTIONS

- We will create a positive environment where problems are met with creative solutions.

SERVICE

- We will actively seek ways to help others in our school, our community, and our world.

CIS Corporate Partner Overview

The Corporate Partnership program is dedicated to featuring individuals, businesses, and companies that support students attending Carolina International School through a unique giving program. Partners enjoy the exclusive benefit of sharing their products and services with our parents, students, and supporters.

This is an opportunity for Carolina International School to connect with our community. We would like to help you make your business a success with the support of our students, parents, and our charter school community.

We are dedicated to our partners and understand the link between business and education. Charter schools offer alternative means of academic success for students. Businesses look to support education when they see a value, and know that their contribution is one that can impact individuals and close the funding gap between what is needed and what is expected.

Carolina International School Statistics:

- 501c3 Tax Status (Registered Non-Profit)
- Established in 2004, Incorporated in the State of North Carolina
- Program spans Kindergarten through 12th grade
- 850 students enrolled in 2018-2019 school year
- Focuses on International Studies, Environmental Studies, and Technology
- Named a North Carolina Green School of Quality
- Receives solid marks on NC Charter School's Performance Framework

Make a Difference: Be a Corporate Partner!
